**1 IN 5 KIDS IN
NJ IS HUNGRY**

Hunger Hits Home takes a first-hand look at the crisis of childhood hunger in America through the eyes of the people on the frontlines of the battle – parents and children, anti-hunger activists, educators and politicians committed to eradicating the problem. Hunger Hits Home examines the causes, complications and misconceptions about childhood hunger in the United States, as well as some of the innovative solutions being put into practice today.

There will be a brief discussion following the film and we invite you to come and take your place as part of the solution. Learn what you can do to reduce childhood hunger.
